1. Applicant cancelled claims 20, 25-38, 45, 47-53, 55, 56, 58 and 59.

Allowable Subject Matter

2. **Claims 1-19, 21-24, 39-44, 46, 54 and 57** are allowed.
3. **Claims 1-19, 21-24, 39-44, 46, 54 and 57** are renumbered.
4. The following is an examiner's statement of reasons for allowance:

Claims 1 and 39 are allowed because the closest prior art, Joshi et al. (U.S. Patent No. 7,176,508) fails to anticipate or render obvious a method of measuring performance of a device including the steps of determining an offset between the first heating device and at least a second heating device, each having a different number of contact and extrapolating the offset to zero contacts, in combination with the rest of the claim limitations as claimed and defined by the Applicant.

Claim 19 is allowed because the closest prior art, Joshi et al. (U.S. Patent No. 7,176,508) fails to anticipate or render obvious a method of measuring performance of a device including the steps of calculating a temperature of the first heating device with the first number of contacts and the second number of contacts using the measured change in the at least one electrical characteristic, and extrapolating results of the measurement obtained with the first number of contacts and the second number of contacts to zero contacts, in combination with the rest of the claim limitations as claimed and defined by the Applicant.

Claims 21 and 46 are allowed because the closest prior art, Joshi et al. (U.S. Patent No. 7,176,508) fails to anticipate or render obvious a method of measuring performance of a device including the steps of establishing an amount of temperature

change per contact between the first heating device and a second heating device having a different number of contacts and the calculating step includes extrapolating results of the measurement step to zero contacts to determine an actual device temperature without an offsetting effect of the contacts., in combination with the rest of the claim limitations as claimed and defined by the Applicant.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
